What is the Man in the Moon? (with pictures)

"Man on the Moon" is a song by the American alternative rock band R.E.M., released as the second single from their 1992 album Automatic for the People. The lyrics were written by lead singer Michael Stipe , and the music by drummer Bill Berry and guitarist Peter Buck , and credited to the whole band as usual.

Man on the Moon (song) - Wikipedia

Being that the moon has a gravitational force of 1.622m/s^2 , we multiply the object's mass by this quantity to calculate an object's weight on the moon. So an object or person on the moon would weigh 16.5% its weight on earth. Therefore, a person would be much lighter on the moon. Conversely, a person is 83.5% heavier on earth than on the moon.

Weight On the Moon Calculator - Learning about Electronics
