### A Of Political Economy

Political economy, branch of social science that studies the relationships between individuals and society and between markets and the state, using a diverse set of tools and methods drawn largely from economics, political science, and sociology. The term political economy is derived from the Greek polis, meaning “city” or “state,” and oikonomos, meaning “one who manages a household or estate.”.

### Political economy | Britannica

Political economy is a social science that studies production, trade, and their relationship with the law and the government. It is the study of how economic theories affect different socio-economic systems such as socialism and communism, along with the creation and implementation of public policy.

### Political Economy - Definition, Components, and Theories

Political economy is the study of production and trade and their relations with law, custom and government; and with the distribution of national income and wealth. As a discipline, political economy originated in moral philosophy, in the 18th century, to explore the administration of states' wealth, with "political" signifying the Greek word polity and "economy" signifying the Greek word "oikonomía". The earliest works of political economy are usually attributed to the British scholars ...

### Political economy - Wikipedia

### Political Economy | Definition of Political Economy by ...

A general definition is that it is the study of the interaction of politics and economics. Though such a vague definition may have the virtue of being all-inclusive, it gives no real sense of what is being studied. It is like describing the taste of French cooking by saying it results from the interaction of France and cooking.

### What Is Political Economy?

Bachelor of Arts (BA) The Political Economy major is designed to study the relationship between government, society, and the economy in a holistic manner from a multi-disciplinary perspective. Political Economy majors investigate how real-world market systems are embedded in both politics and society.
