She suggests bringing a backpack and a shoulder bag for versatility. In your locaton gear bag, you should carry your camera body and a backup. For camera lenses, Kylee favors... Watch Now >>

Outdoor Photography Tips to Improve Your Skills | OPG

In the Nutrition Setup Guide, I talked about using body-fat percentage to guide your decisions on when to cut, bulk, and chase recomp (simultaneous muscle gain and fat loss) phases. But as you are probably aware, ALL the body-fat measurement methods we have available have horrible inaccuracies on an individual level, and I strongly recommend people avoid trying to gauge progress based on them.

A Visual Guide To Body-Fat Percentage | RippedBody.com

As men gain body fat, the fat typically starts to go into the stomach of all the places. As it grows, it will begin to form all over the body - but still mainly in the stomach. Females typically see fat funneling into their hips and thigh areas - but some women do see noticeable amounts of fat in their stomachs at even low body fat percentages.
