Advanced Mathematics: An Incremental Development

The Advanced Mathematics covered the topic quite thoroughly, however Calculus requires a lot of trig and it has been so long since I studied Advanced Math I've been afraid my professors will "spring" something on me I don't remember. Yesterday my fears were alleviated. The math department held an extra credit exam for the Cal 2 students.

Advanced Mathematics : An Incremental Development

The lower grade Saxon math books, I thought, were great math textbooks. The higher level maths books just started getting confusing. The book wouldn't explain one little part of a math problem, assuming you would figure it out or knew it. This caused a lot of stress and struggle and made math much harder than it shouldn't have been.
