Migration does present a number of distinctive dimensions although there are a number of commonalities with other international economic flows as well. Some scholars (citation) argue that migrants are distinctive because they bring new cultures and customs that disrupt the host society and create a political backlash.

### THE ARCHITECTURE OF INTERNATIONAL COOPERATION ON MIGRATION ...

Human migration is the movement of people from one place to another with the intentions of settling, permanently or temporarily, at a new location (geographic region). The movement is often over long distances and from one country to another, but internal migration is also possible; indeed, this is the dominant form globally. People may migrate as individuals, in family units or in large groups.

### Human migration - Wikipedia

The history of dynamic migration flows throughout the Soviet Union pre- and post-collapse has significantly shaped the current migration reality in Russia. Even as borders have shifted and policies changed, inflows and outflows still occur mostly within the former Soviet space. As this article explores, Russia has worked in recent decades to strengthen its migration management system and ...
