### Welcome! - Alien-Earth.com

Alien Earth, set in a post-apocalyptic timeline, is an isometric pseudo-3D action-adventure game for Windows. It has RPG elements, including dialogue trees, so it can also be called an action role-playing game, but it uses resource management as puzzles, requiring the player to combine items in order to advance in the game. It was created by Krome Studios Melbourne, in 1998, when they were ...

### Alien Earth - Wikipedia

Alien Earth is an isometric action adventure game about aliens who have enslaved earth and keep humans around only to hunt for sport. In regular intervals the humans have to give up one of their own to ensure the survival of all. The player takes the role of Finn, who has been chosen to be the next prey. But he...

Extraterrestrial life is hypothetical life which may occur outside of Earth and which did not originate on Earth. Such life might range from simple prokaryotes (or comparable life forms) to intelligent beings and even sapient beings, possibly bringing forth civilizations which might be far more advanced than humanity. The Drake equation speculates about the existence of sapient life elsewhere ...

### Extraterrestrial life - Wikipedia

There are many places which are thought to be alleged alien bases in the surface of earth. Some of these bases are in remote locations, and some are right in the middle of military locations. The government refutes the existence of such bases, but as per eye witnesses, these are certainly there and prove the existence of aliens on earth.
