Georgia Habitats, Mammals, Birds, Amphibians, Reptiles Georgia is the largest state east of the Mississippi River extending from the Atlantic Ocean in the southeast to the Blue Ridge Mountains up north.

Georgia Habitats, Mammals, Birds, Amphibians, Reptiles

Georgia. There are salamanders there, it has some high altitude places which are good for summer herping and there is one special amphibian which only reproduces in summer. Moreover there were quite some species there which Laura and I missed on another trip to the region, back in 2015 when we visited NE Turkey.
