Included in this book: The psychological foundation of each sun sign, the meaning of each planet, how to create a simple solar astrology chart, and understand the basics of chart interpretation. The Course connected to this Book is the Astrology Art & Science Course.

Books by Sandy Anastasi

Anastasi and Urbina's Psychological Testing is arguably the worst-written book I have ever had the displeasure of reading. The book is rife with arcane jargon that the authors never bother to define. This is a textbook, and, by definition, textbooks are supposed to explain their subject matter, not treat the reader as if he or she already knows it.

Anastasi Psychology Full Book - skinnym.com

Overview. This classic, authoritative introduction to psychological testing is widely hailed for its broad coverage and its ability to cover "graduate school" topics in terms that one with little testing experience can understand. KEY TOPICS: This book familiarizes the reader with the basics of test construction and prepares the reader to effectively evaluate different tests, choose tests for particular purposes and individual examines, and interpret scores properly.

Review of "Psychological Testing" by Anne Anastasi

Anne Anastasi won a National Medal of Science for her work and achievements. She was a vast contributor to the regions of psychology concerning assessments and individual attributes, primarily in the arenas of Differential psychology, Psychological Testing, and Fields of Applied Psychology.She also contributed to an article in the late 1950's for the Psychology Review which is now viewed as a ...

ANASTASI, ANNE - Psychology Dictionary

Her books on psychometric test instruments and procedures have made her name a household word among those interested in differential psychology. Anastasi remains the moderator of psychometrics. This label is attributable to her broad outlook that has provided an interface between 'psychological tests' and their potential impact on psychological processes and experiences within particular socio-cultural contexts.
