The National Association for Stock Car Auto Racing (NASCAR) is an American auto racing sanctioning and operating company that is best known for stock-car racing. The privately owned company was founded by Bill France Sr, in 1948, and his son, Jim France, has been the CEO since August 6, 2018.

### NASCAR - Wikipedia

NASCAR race cars have no functioning headlights or taillights and use decals instead, for several reasons. Although they are almost entirely hand-made, the cars are still required to look like production vehicles. No operating headlights or taillights are needed because the cars don't race at night.

### 25 Things No One Understands About NASCAR Race Cars | HotCars

In the beginning, stock-car racing was exactly what it sounds like. Drivers actually bought brand-new cars from dealers and went racing. The National Association for Stock Car Auto Racing (), organized in 1947, created a standardized set of rules for stock-car racing and established a system for selecting a national champion based on performance at races across the country.
