Buying Military Transformation Technological Innovation

Download Free Buying Military Transformation Technological Innovation And The Defense Industry Hardcover By Dombrowski Peter Gholz Eugene Published By Columbia University Press

A series of military analysts have argued that major social and economic changes, like the shift from the Agricultural Age to the Industrial Age, inherently force related changes in the military. Buying Military Transformation undermines this technologically determinist claim: commercial innovation does not directly determine military innovation; instead, political leadership and military organizations choose the trajectory of defense investment. Militaries should invest in new technology in ...

Buying Military Transformation: Technological Innovation ...

In Buying Military Transformation, Peter Dombrowski and Eugene Gholz analyze the United States military's ongoing effort to capitalize on information technology. New ideas about military doctrine derived from comparisons to Internet Age business practices can be implemented only if the military buys technologically innovative weapons systems. Buying Military Transformation examines how ...

Buying Military Transformation - Technological Innovation ...

Buying Military Transformation undermines this technologically determinist claim: commercial innovation does not directly determine military innovation; instead, political leadership and military organizations choose the trajectory of defense investment. Militaries should invest in new technology in response to strategic threats and military leaders' professional judgments about the equipment needed to improve military effectiveness.

Buying military transformation : technological innovation ...

This is an intriguing addition to the literature on military innovation. Dombrowski and Gholz test the hypothesis that the transformation of U.S. military capabilities will require a transformation of the defense industrial base, as stolid old corporations are displaced by more agile and entrepreneurial firms steeped in the culture of the information economy.

Forecasting change in military technology, 2020-2040

Militaries have historically sought ways to incorporate new weapons, armaments and methods of fighting into their operations. As the United States military continues to vigorously pursue innovation, history has provided important lessons which can help guide future innovation efforts.

The Military's Search for Innovation | RAND

"Buying a few commercially available bits of kit to special forces soldiers is not ambitious enough, but it is a start," he said. Since 2016, the defense ministry has invested more than 65 million pounds in over 600 initiatives to tap into innovation. Like the Pentagon, it is trying to attract nontraditional suppliers, he noted.
