Emacs Mini Manual (PART 1) - THE BASICS

Emacs is the extensible, customizable, self-documenting real-time display editor. This Info file describes how to edit with Emacs and some of how to customize it; it corresponds to GNU Emacs version 20.7. For information on extending Emacs, see section `` in @cite{The Emacs Lisp Reference Manual}. Preface

GNU Emacs Manual - Table of Contents

In Emacs Lisp, a command is actually a special kind of Lisp function; one which specifies how to read arguments for it and call it interactively. For more information on commands and functions, see section `What Is a Function' in The Emacs Lisp Reference Manual. (The definition we use in this manual is simplified slightly.)
