the guitar. Originally, the Flamenco guitar was exclusively used as an accompanying instrument for cante (singing) and baile (dancing). Compared with the loud taconeos (percussive footwork) of the bailaoras (female dancers) and bailaores (male dancers) and the voices of the cantaores (singers), some of which were quite

equation. The way these woods are put together also determines whether you're looking at a classical or flamenco guitar. As we have mentioned before, flamenco guitars are all about that aggressive attack and volume. Because of that, the tops of these guitars are thinner than those of classical guitars.
