Flint Knapping A Guide To

Flint knapping rocks is the oldest, most primal way of making tools. The first people to rough out a hand axe are truly giants on whose shoulders we stand. There is something very satisfying in the knowledge that you could walk into the wilderness with nothing at all, pick up a piece of flint and a heavy rock, and make your own knife, no shopping or forging required, straight from the ...

Flint Knapping: A Guide to Making Your Own Stone Age Tool ...

This coming Saturday I will attend a Scout show in Wray Colorado, demonstrating flint knapping to local scouts from northeast Colorado. A longtime friend of mine from high school and a scouter had reached out last year and asked if I would be willing to come out and provide an introduction to flint knapping for the local scout show, and of course I happily agreed.

"Wray" point project - PaleoPlanet

First the flint must be dried...This takes about a week so be patient Take the flint up slow and down slow, no faster than 50 degrees an hour! Step 1. run up to 250 F and NO higher., and allow to cool to room temperature.
