Use Case. You would like to use the BW formula planning functions for the BPC Embedded Model for Consolidations or for Planning and learn to write FOX (formula extension) code.. Content. I started writing a blog on coding FOX formulas and happened to be working on a BPC Optimized for S/4HANA system.

BPC Planning for S/4HANA - FOX formulas - Part 1 | SAP Blogs

Before BW 7.3 SP 11 there was no standard way to debug Planning Functions of type Formula which were written in FOX. But with BW 7.30 SP 11 SAP provided a debugging script that allows us to easily debug the FOX code. There are some other workaround methods which can be used for debugging and were used when the script was not available but these are not very convenient to use and there are a lot of scenarios where these
