Land Rover Freelander 1 Gearbox | John Craddock Ltd

If you have the message "transmission fault reduced traction" on your Freelander 2, it may be that the haldex on your rear differential needs a software update, or it could be an issue with the Haldex pump. Unfortunately we have found a faulty pump to generally indicate an issue with the Haldex itself, and if only the pump is replaced the issue tends to raise its head again after a few months ...
