General Biology I Focused - embraceafricagroup.co.za

In general biology, students acquire a solid background in all areas of biology without necessarily having a specific focus. This may be a good idea if you envision yourself pursuing graduate studies in biology but you're not yet sure which specific area interests you most. A degree in general biology can also be a great choice if you want to teach high school biology, and many schools offer this degree with an option for a teaching credential.
