Plus, ManyBooks has put together collections of books that are an interesting way to explore topics in a more organized way.

### Guerrilla Home Recording Second Edition

This edition has much more info on digital recording. The main point of the book is the mindset of Guerrilla home recording. I'm a software architect by trade and we apply (or hopefully apply) the 80-20 rule or Pareto principle to our designs. This is similar to the mindset put forth in this book.

### Guerrilla Home Recording - 2nd Edition - Music Dispatch

The first has to do more with older recording techniques (using reel-to-reel, adat, large mixers etc), whereas the 2nd version is updated to address what is most commonly used today, while still including an appendix for older methods in case you're interested. I like how this book encourages the bare-bone "Guerrilla-style" approach to recording.
