## **Oils & Fluids | Harley-Davidson USA | Harley-Davidson USA**

Use in big-bore motorcycles that require SAE 60 motorcycle oil and any of the specifications listed below, including early model Harley-Davidsons\* equipped with Knucklehead, Panhead\* or Shovelhead engines: JASO MA/MA-2 • API SL, SG/CF/CG-4 • ISO-L-EMA2

## **Best Oil Recommendations for Harley Davidson Motorcycles**

Harley Davidson recommends SAE 50 or 60 for the engine oil in their Flathead, Knucklehead, Panhead, and Shovelhead. AMSOIL recommends AHR SAE 60 or MCV 20W-50 motorcycle oil for all these older models. Use AMSOIL SVG or SVO for the transmissions. Of these models only the Shovelhead has a chain case that is lubed, and is fed by the engine oil.

## **AMSOIL's Recommended Oils for All Harley Davidson Models**

Generally, Harley-Davidson suggests that you avoid SJ spec oil, as anything rated at SJ or above can damage the engine's roller bearings over time. Diesel-rated oils should be your primary go-to, as H-D's air-cooled motors run on the same duty cycle as diesel engines.

## **Best Oil For Motorcycle Oil Changes | Harley Oil Specs**

Stock Harley Shovelhead engines built after 1978 require 4 qts. of 20W-60 oil, even though displacement on these engines was increased. Use 25W-50 oil if you live in a high altitude, such as Denver. Hotter climates, such as in Arizona, require the use of thicker oil, such as 70-weight oil.

## **Harley Davidson: Oil Specifications For A Harley Shovelhead**

The first and best substitute is using synthetic oil for the engine. That means the recommended 20W-50 rated oil is the best option for any Harley Davidson model out there. However, according to some experts, it is also an excellent option to use the transmission fluid as a primary oil. If you are looking for a safe bet, go for the engine oil.

## **4 Best Harley Davidson Primary Oil Substitute: [Full Reviews]**

Harley recommends an engine oil maintenance interval of 5,000 miles. Following this recommended service schedule will help ensure a long engine life; however, many owners prefer to change their oil even sooner. Common wisdom says that oil changes are cheaper than replacing worn engine components, so keep your engine happy with fresh oil.
