All About Twins, Triplets, and More

Although this is considered a myth, there may be some truth to this skip-a-generation theory. To understand this further, we have to understand hyperovulation. Hyperovulation causes a woman to release more than one egg in a cycle. If two or more eggs are fertilized, fraternal twins occur.

Can a Twin Have Twins? » TwinStuff

3. Loving your husband even more. A dad of twins is essentially a second mom. At 3AM when you are each semi-awake with the twins and are both covered in equal amounts of milk, poop, drool and probably your own tears, you realize wow, I love this guy even more than the day he was tearing up the dance floor to "Take me Home Tonight" at our wedding.
