### Logic By Stan Baronett

"Baronett's Logic is light-years better than its competitors, and does the best job I have ever seen of putting together classic, old-school precision with the most progressive, interactive online companion resources available.

### Amazon.com: Logic: An Emphasis on Formal Logic ...

"Outstanding. Written in clear language, with wit and imagination. Baronett takes students through the theory of sound reasoning, types of logics, and logic applications in almost every kind of human discourse. This text is a useful, viable tool for building a bridge between formal logic and real-life situations."--Merle Harton, Everglades University

"The key strength of Logic as a whole is Baronett's style and ability to speak to students. The explanations are clear, on point, and easy to grasp. The examples connect with our intuitive ability to reason and ease students into the rigors of formal logic, without sacrificing any clarity or precision.
