Love and Math: The Heart of Hidden Reality: Frenkel ...

Love and Math is a hybrid book, kind of a mix between Surely You're Joking, Mr. Feynman and George Polya's How To Solve It. The Feynman type bits - Frenkel dealing with anti-Semitism in Russia and making an erotic math film - are a mix of amusement and pathos. But mostly this book is an autobiography of math problems exami

Love and Math - by Edward Frenkel

In the recently released HeartMath book, Heart Intelligence, the authors note in part, “As collective consciousness increases, this will eventually reveal that love is an advanced mode of intelligent living. People have just scratched the surface of awareness regarding the focused power of love and its capacity to create a heart-based environment; one where individuals can transcend fear and what it brings, while manifesting their undiscovered gifts and fulfillment.”

Love as an Advanced Mode of Intelligence | HeartMath Institute

Research at the HeartMath Institute shows that, adding heart to our daily activities and connections produces measurable benefits to our own and others' well-being. We are at the dawn of recognizing Love as the new transformational intelligence.

HeartMath Institute

In our world, increasingly driven by science and technology, mathematics is becoming, ever more, the source of power, wealth, and progress. Hence those who are fluent in this new language will be on the cutting edge of progress.”. — Edward Frenkel, Love and Math: The Heart of Hidden Reality. 4 likes.

Love and Math Quotes by Edward Frenkel - Goodreads

Math, however, can be “full of infinite possibilities as well as elegance and beauty,” writes mathematician Edward Frenkel in Love and Math: The Heart of Hidden Reality. “Mathematics,” he goes on, “is as much part of our cultural heritage as art, literature, and music.”

Love and Math: The Heart of Hidden Reality

HeartMath has discovered that our heart rhythm patterns are the best reflection of our inner state. By adding heart, you can shift in the moment into a state of balance and renewing feelings, such as appreciation, care, love and compassion.

HeartMath

The heart is central to human survival, pumping our blood and helping circulate oxygen throughout our bodies. The heart symbol is central to popular culture, seen everywhere from classic artwork to modern anime. The image pops up in movies, music, clothing, a million different objects and, of course, candy.
