### Magic Lantern Guides Pentax

The paperback size Magic Lantern guide repeats much of the Pentax manual but by using hints and tips it 'interprets' topics, explaining why a particular feature is there and when and how it might be used. The sample photographs illustrating camera uses are generic and are often just fillers adding a splash of colour.

### Magic Lantern Guides: Pentax K-7: Burian, Peter K ...

The terminology poorly defined in the Pentax manual is a major barrier to using their dSLR products effectively. That's where the Magic Lantern Guides come in. This book takes you through not only the K100D (and K110D), but covers the much needed terminology for beginners of photography, all while using the K100D.

### Magic Lantern Guides: Pentax K100D / K110D: Farace, Joe ...

The Pentax K10D guide by Magic Lantern explains, in very practical terms, how to use the features of the camera to adjust white balance, and even fine tune it. Also made clear are the slow and fast flash synch options, including setting the flash to fire at the end of the exposure rather than the beginning.

### Magic Lantern Guides: Pentax K10D: Burian, Peter K ...

I recently purchased the book Pentax K200D by Magic Lantern Guides and it is an excellent publication. The user manual that came with the camera is good but basically gives one the bare facts about the camera. The Guide goes into much more detail plus it is in a language that is easy to follow.

### Magic Lantern Guides: Pentax K200D: Guncheon, Michael ...

This new Magic Lantern Guide details every f With its impressive 10.2 megapixel image sensor, shake-reduction technology, automatic dust removal cleaning system, weather resistant body seals, and more, it's both feature-packed and an excellent value.

Magic Lantern Guides® book. Read reviews from world's largest community for readers. - Guide to Pentax's mid-price "pro-sumner" camera, created in respons...

### Magic Lantern Guides®: Pentax K-7 by Peter K. Burian

The Magic Lantern Guide made the difference. Some people might not like the repetitive nature of the book but it worked quite well for me. Each time around the author builds on the knowledge presented before. I recommend this book for learning the Pentax K5 mainly because there really isn't anything else out there for the K5.

Pentaxians who don't already have a K-1 should save their pennies and add the Mark II if they can. The Pentax K-1 and now the Mark II are strong arguments for people looking for a do-anything full-frame DSLR. Joe Farace was the author of Magic Lantern Guides: Pentax K100D/K110D, which was the company's first DSLR.
