Both versions of Missing 411 identify portions of 28 clusters of missing people that have been documented throughout the U.S. and Canada. Sometimes these clusters are purely geographical while others identify a linkage based on age and sex of the victims, a very troubling and surprising find by researchers.

Missing 411-Eastern U.S - Bigfoot

Missing-411 is the first comprehensive book about people who have disappeared in the wilds of North America. It's understood that people routinely get lost, some want to disappear but this story is about the unusual. Nobody has ever studied the archives for similarities, traits and geographical clusters of missing people, until now.

"Missing 411" identifies 28 clusters of

File Type PDF Missing 411 Eastern United States

missing people who have vanished in remote areas of the continent. The finding is a troubling fact questioning why and how these people have disappeared. Some of the victims are found and tell a very interesting and mind bending story of their experience, others are never found, a fact that confounds searchers and law enforcement.

Missing 411- Eastern United States: Unexplained ...

The identification of over 59 geographical clusters of missing people in North America is one of the mysterious, unsettling and unexplained elements in the Missing 411 series. Missing 411- Hunters explains a subset of the research and documents 148 cases of hunters who have vanished in four countries.
