## **Read Download Placing The Suspect Behind The Keyboard PDF ...**

Placing the Suspect Behind the Keyboard was the first digital forensics book focusing on building a good case on criminals who use technology to commit crimes. This also the first course teaching that specific topic. My intention with this online course is to put you into the mindset of someone working toward identifying the suspect, gathering evidence on the suspect, and proving allegations against your suspect; in effect, placing the suspect behind the keyboard.
