Conflict of laws. Conflict of laws (sometimes called private international law) concerns the process for determining the applicable law to resolve disputes between individuals, corporations (and in some systems the

state in certain contractual relationships) in multi-jurisdictional cases and transactions. Conflict of laws especially affects private international law, but may also affect cases where a contract makes incompatible reference to more than one legal framework.

Conflict of laws - Wikipedia

A branch of jurisprudence arising from the diverse laws of various nations that applies when private citizens of different countries interact or transact business with one another. Private international law refers to that part of the law that is administered between private citizens of different countries or is concerned with the definition, regulation, and enforcement of rights in situations where both the person in whom the right inheres and the person upon whom the obligation rests are ...
