Remaking the British Atlantic : the United States and the British Empire after American Independence. [P J Marshall] -- Marshall focuses on a crucial phase in the history of British-American relations: the first ten years of American Independence.

Remaking the British Atlantic : the United States and the ...

Marshall has clearly demonstrated that, between 1783 and 1789, British political leaders went far to remake a British Atlantic without the United States, while British migrants, traders, and some religious groups were simultaneously remaking a British Atlantic that included the United States.

P. J. Marshall. Remaking the British Atlantic: The United ...

The speed with which, and extent to which, the British Atlantic world was re-forged after 1783 is connected fundamentally with two further important themes of the book. The first of these—and one closely associated with Marshall's previous work—is the extent to which Britain's empire emerged from the war and loss of the American colonies relatively unchanged.

Remaking the British Atlantic: The United States and the ...

In recent years he has taken both to writing about the empire more broadly and to looking more closely at Britain's imperial position in the Atlantic world. These shifts are made manifest in the book under review. The main themes of *Remaking the British Atlantic* are deceptively simple. Marshall's goal is two-fold: to detail and analyze both the process of political alienation between Great Britain and the United States in the 1780s and the process promoting close economic and cultural ...

a successive volume to *Remaking the British Atlantic*, which covers the period after 1790 up to the War of 1812. Furthermore, as A.G. Hopkins had shown, this study could potentially be extended well in to the nineteenth century. If such a monograph is to be produced, then P.J. Marshall will have made a substantial contribution towards it.

Remaking the British Atlantic: The United States and the ...

It is hardly surprising that historical studies of the American Revolution and its era traditionally have emphasized polarization and the rending of the British Atlantic world. The Declaration of Independence can provide a convenient point of differentiation, as salient for historians as it was for those who grappled at the time with a series of disputes that were often obscure and disordered.
