Resilience | Book by Andrew Zolli, Ann Marie Healy ...

At the beginning of Andrew Zolli's Resilience: Why Things Bounce Back, he introduces us to Mexico City's "tortilla riots," an event that Zolli describes as "an archetypical experience of the 21st century." In January 2007, the price of corn (the principle ingredient in tortillas), having risen 400 percent in the prior three months, triggered a protest by tens of thousands of people in Mexico City's main squares.

Resilience : NPR

Resilience: Why Things Bounce Back. Anyone who attempts to popularize new research and emerging science runs a significant risk. That some reviewer will take you to task for oversimplifying, misinterpreting, or misleading isn't really a risk—it is a certainty. The risk is that in attempting to make the complex understandable, popularizers stray too far, simplify too much, and misrepresent the research and its implications—as well as mislead readers.
