I just got a printer that did not come with any software. It's a good printer but I can't connect it to my computer without a driver. The driver has proven to be elusive as I've looked everywhere and searched my fingers sore and eyes dry with no avail. From what I can tell the Samsung Msys 6750 also goes by the name SF-6750. I know it's old but it works and is alot cheaper to run overall and ...
