In golf circles, there is often discussion of which golf swing is more effective: a one-plane or a two-plane swing. One plane advocate Jim Hardy says it's more natural swing motion and results in fewer errors because of the fewer "moving parts." With a two plane swing, power needs to be generated more from the hands, wrists and arms than the rest of the body.

### Graves Golf Academy Reviews - Legit or Scam?

In a two-plane swing, the left arm is typically higher (more upright or vertical). In other words, it's above the shoulder plane. The two-plane swing is more common, but the single-plane motion has many advocates. (Some instructors refer to it as a "rotational swing.") Let's look at some of the arguments for and against the one-plane swing:
