acting individual as analytically unimportant, emphasizing the social institutions(kinship, norms, politics, etc) and their interrelationships. Neo-Evolutionism ..., A theoretical perspective concerned with the historical change of culture from small-scale societies to extremely large-scale societies

Social and Cultural Anthropology Flashcards | Quizlet

If, in particular, it is concerned with generalizing about patterns of human behaviour seen in all their dimensions and with achieving a total description of social and cultural phenomena, this is because anthropology has observed small-scale societies, which are simpler or at least more homogeneous than modern societies and which change at a slower pace. Thus they are easier to see whole.
