By leading with practical data analysis and graphics, Stats: Modeling the World gets students “doing statistics” and “thinking statistically” from the start. Students understand what we find in data, why we find it interesting, and how we report it to others as a sound foundation for the challenges of inference.

### Amazon.com: Customer reviews: Stats: Modeling the World ...

Stats: Modeling the World, Teacher's Edition, AP\* Edition ... The book is an excellent introduction to statistics. It provides plenty of examples to show how to apply statistics instead of just formulas. I did have to summarize each chapter in outline form to become aware of the main points and apply them more quickly.
