This book really helps little children, especially boys, have a way to put in perspective their big feelings. The angry dragon in this book helps my son realize that feeling angry is normal and even though it's scary, it can be managed and overcome and your parents still love you!

Great way to introduce young kids to mindfulness. I purchased this book along with "Train Your Angry Dragon" and both of them are great books. Cute pictures and a simple rhyming story that introduces young kids to the concept of mindfulness. It talks about using mindfulness and focusing on the present whenever you're feeling sad or overwhelmed.
