The Chinese Garden History Art

Keswick conducts us through the art and architecture, the principles and techniques of Chinese gardens, showing us their long history as the background for a civilization--the settings for China's great poets and painters, the scenes of ribald parties and peaceful contemplation, political intrigues and family festivals.

Amazon.com: The Chinese Garden: History, Art and ...

The garden plays an important part in Chinese art and literature, and at the same time art and literature have inspired many gardens. The school of painting called " Shanshui " (literally 'mountains and water' and with the actual meaning of 'landscape'), which began in the 5th century, established the principles of Chinese landscape painting, which were very similar to those of Chinese gardening.

For the past 3,000 years, everyone in China, from emperors and government officials to scholars and poets, have built their own Chinese garden. The first Chinese gardens were built in the Yellow River valley. Kings and members of the nobility during the Shang Dynasty (1600–1046 BC) hunted and planted fruits and vegetables in their gardens.
