Much of its collection was seeded by Project Gutenberg back in the mid-2000s, but has since taken on an identity of its own with the addition of thousands of self-published works that have been made available at no charge.

The Culture Of Time And

The Culture of Space and Time often works better as a compendium of facts and quotes rather than a more engrossing historical narrative. This problem is largely caused by the structural separation of time and space in the text, instead of analyzing these two forces together Kern splits them.

The Culture of Time and Space, 1880-1918 by Stephen Kern

The Culture of Time and Space is a brilliant illumination of the Zeitgeist of the transformation to modernity. I love when historians do more than recount events. I'm also a fan of historians refraining from too much analysis.
