The Ecology Of Eden An

An encyclopedic survey of efforts to heal the dangerous rift between culture and nature, The Ecology of Eden is a landmark work that is enormously suggestive, informative, and a joy to read. "It's a question many writers have tackled, from Paul Ehrlich to E. O. Wilson: How can we survive while population grows, resources dwindle . . . and the threat of global climate change looms ominously?

The Ecology Of Eden: Eisenberg, Evan: 9780375705601 ...

The Ecology of Eden combines contemporary ecology with Biblical and Mesopotamian myths to analyze humanity's dominating and destructive role among earth's living things. This surprising blend, in turn, allows the author to express his anxiety about the ecological past and future with dazzling wit and impressive learning, while indulging an extravagant taste for metaphor and paradox.

The ecology of Eden (1998 edition) | Open Library

The ecology of Eden. [Evan Eisenberg] -- Presents new perspectives on present-day environmental problems by examining the changing nature of humankind's belief in a paradise and the ways we have disguised our actual dealings with nature.

The ecology of Eden (Book, 1998) [WorldCat.org]

The Fetishers dream of returning to Eden, restoring a state of harmony in which wilderness reclaims the planet and man is lost in the foliage, a smart but self-effacing ape. The Managers dream of a manmade paradise, an earth managed by wise humans in its own best interest and, by happy chance, humankind's as well.

The Ecology of Prayer. for David James Duncan . I. The Outer Banks. Something was stirring. I waded into the tidal inlet and called to my wife and sons. We had left Ocracoke Island and walked a quarter mile out into Pamlico Sound, wading through shin-deep water to reach a smaller island where we might explore. The day had produced periodic ...

Orion Magazine | The Ecology of Prayer

Eisenberg examines scientific, historical, anthropological, and theological ideas of the ways in which humans fit in to the natural world, from the ancient myth of the Garden of Eden to the medieval great chain of being and modern notions of deep ecology and bioregionalism.

THE ECOLOGY OF EDEN by Evan Eisenberg | Kirkus Reviews

Stewards of Eden challenges, disturbs, and encourages us to recognize God's consistent concern for the well-being of all creation and our responsibility as God's stewards. Sandra Richter's work is both very readable and richly insightful—I highly recommend it!"
