Project MUSE - The Global War on Tobacco

The global war on tobacco is far from over. ONE could easily be mistaken for thinking the war on tobacco is coming to a close. Lighting up a cigarette mid-flight seems absurd to us now, but was common practice just a decade or two ago. We enjoy restaurant meals and afternoon coffees without the stench of toxic smoke and we can share a night out without having to wash our clothes, or endure a husky, sore throat the following morning.

The global war on tobacco is far from over | InSight+

GSTHR clearly identifies the obstacles to speeding up the transition to SNP in Chapter 5, titled "Project Fear: The War on Nicotine." A major barrier is philanthrocapitalist billionaires like Bill Gates and Michael Bloomberg. Bloomberg Philanthropies (BP) is a vicious adversary of tobacco harm reduction and vaping in particular.

Burning Issues: A Call to Liberate Vapes and Vapers

Tobacco's deadliness was exposed more than 50 years ago, and a war on smoking has been raging for decades in the wealthiest countries. The fight has begun to expand to low- and middle-income...

War on Smoking - Bloomberg

The battle against Big Tobacco's increasingly cunning methods of selling its products in the global marketplace demands rigorous and vigilant attention. This document, a study of the industry's evolving position, will help to prevent future generations from being affected by the global tobacco epidemic.
