The Law Of International Carriage

international carriage means any carriage in which, according to the agreement between the parties, the place of departure and the place of destination, whether or not there be a break in the carriage or a transshipment, are situated either within the territories of two States Parties, or within the territory of a single State Party if there is an agreed stopping place within the territory of another State, even if that State is not a State Party. Carriage between two points within the ...

international carriage | legal definition of ... - Law Insider

The law of carriage of goods by sea is a body of law that governs the rights and duties of shippers, carriers and consignees of marine cargo. Primarily concerned with cargo claims, this body of law is an aspect of international commercial law and maritime law. The typical obligations of a carrier by sea to a shipper of cargo are: to provide a seaworthy ship to issue a bill of lading to "properly and carefully load, handle, stow, carry, keep, care for, and discharge the goods carried". to proceed

Law of carriage of goods by sea - Wikipedia

In all legal systems the law of carriage has been influenced by the idea that carriers enjoy a factual monopoly. The services that a customer may demand and the remuneration that a carrier may exact are generally regulated by legislation or administrative regulations. The growth of competition among carriers and means of transport in the Western world has led to a reduction in the scope of municipal legislation in a number of countries, but international conventions and administrative ...
