In October 2011 the NHS National Quality Board (NQB) agreed on a working definition of patient experience to guide the measurement of patient experience across the NHS.

NHS Patient Experience Framework - GOV.UK

For example, if you have a fear of snakes (ophidiophobia), your therapist may start by asking you to read about snakes. They may later show you a picture of a snake. They may then arrange for you to visit the reptile house of your local zoo to look at some real snakes. The final step would be for you to hold a snake.
