The Women's liberation movement in North America was part of the feminist movement in the late 1960s and through the 1980s. Derived from the civil rights movement, student movement and anti-war movements, the Women's Liberation Movement took rhetoric from the civil rights idea of liberating victims of discrimination from oppression. They were not interested in reforming existing social structures, but instead were focused on changing the perceptions of women's place in society and the family and
