Habits are powerful forces because the ways of thinking and acting they engender tend to operate on a subconscious level. When this happens, knowledge and skill often become second nature and the person is regarded as an expert. As long as the knowledge and the skills remain relevant, the related habits are valuable

“Doubt as sin. — Christianity has done its utmost to close the circle and declared even doubt to be sin. One is supposed to be cast into belief without reason, by a miracle, and from then on to swim in it as in the brightest and least ambiguous of elements: even a glance towards land, even the thought that one perhaps exists for something else as
