you only to perform administrative tasks on storage systems that do not have defined user roles (authorization rules).

EMC Unisphere for VMAX Installation Guide

At 140 feet, the Unisphere stands 12 stories tall. The globe itself is constructed with 700,000 pounds of stainless steel and spans 120 feet, making it the largest globe on earth. There are three rings circling the perimeter of the globe that represent the orbits of three significant leaps in space flight; the first man in space, the first American to orbit the earth and the first communications satellite.
