In Voting in Fear, nine contributors offer pioneering work on the scope and nature of electoral violence in Africa; investigate the forms electoral violence takes; and analyze the factors that precipitate, reduce, and prevent violence. The book breaks new ground with findings from the only known dataset of electoral violence in sub-Saharan Africa, spanning 1990 to 2008.

The most worrisome aspect of our current situation is not the reciprocal fear of violence by both left and right, but the spreading belief on both sides that the electoral victory of the other ...

### **Opinion | Whose America Is It? - The New York Times**

Electoral fraud, sometimes referred to as election fraud, election manipulation or vote rigging, is illegal interference with the process of an election, either by increasing the vote share of the favored candidate, depressing the vote share of the rival candidates, or both. What exactly constitutes electoral fraud varies from country to country. Many kinds of election fraud are outlawed in ...

### **Electoral fraud - Wikipedia**

Many elections, especially those in democracies not yet fully consolidated, are fraught with significant levels of violence during the campaign period, on polling day or in the aftermath of voting. Electoral violence can result in casualty tolls that meet the threshold of civil war within days or weeks; when this occurs, it can undo years of peace building and development work, it can undermine democratic institutions, and it can even trigger civil war.
